

Mr. Farlano,

I hope this finds you well. I wanted to take a moment and Thank you for the generous Lampighter Scholarship, as well as the Sattay lamp. With finals coming soon, I began moving out of my apartment and sent the lamp home with my parents on a visit of theirs. My mom soon after sent me a picture of my lamp you awarded me on the mantle next to my great-grandfather's sattay lamp. This summer I will be working for Penbody in New South Wales, Australia furthering my career in coal after this past summer spent in New Mexico working at San Juan Underground mine. Thank you again!

Sincerely,

M.K. Penbody
